

FQPL Preparations for 2018 Well Underway

Sunday, 09 July 2017

Preparations for Mitchelton FC's entry into the 2018 Football Queensland Premier (men's) League (FQPL) are in full swing.

Juan Carlos Buzzetti is our first major appointment for next season in the role as Technical Director for the entire Mitchelton FC FQPL program (U13 boys, U14 boys, U15 boys, U16 boys, U18 men, U20 men and Senior Men). Juan Carlos has the highest possible coaching qualification as a "FIFA Instructor". He is also the former national team coach for Fiji and Vanuatu.

President Roger McIntosh and Juan Carlos spent the day on Friday with FFA Technical Director Eric Abrahams (pictured with Juan Carlos) and FQ staff as we gathered more information about the philosophy and structure of the new competition.

Information will be issued shortly about a call for expressions of interest for FQPL teams, and trial dates.
